Young at Heart will be accepting Food Donations
November 9 – November 24

Revive and Thrive provides nourishing meals to those facing a health crisis while empowering the next generation. Since 2015, Revive & Thrive Project has prepared and home-delivered over 100,000 fresh, medically supportive meals to individuals and families facing a health crisis in greater Grand Rapids.

Meals are provided with a focus on improving health outcomes, reducing healthcare costs, and creating a community of meaningful support.

YAH participants are encouraged to bring a donation to our Thanksgiving Celebration: Canned Beans, Canned Tomatoes, Whole Grains, Nuts and Seeds, Ziplock Bags or brown paper lunch bags.

Volunteer Coordinator, Carlita Gonzalez, will share more about this service and how people in need can receive these free healthy meals. We will also learn fun, simple ways YAH can be encouraging and supportive of the population they serve, and provide valuable volunteer services, fostering a win-win for ALL.

Revive & Thrive Project is a registered 501(c)(3) nonprofit organization nourishing greater Grand Rapids, Michigan.
